JUNIPER ALL-ACCESS TRAINING PASS
The most cost-effective way to develop Juniper skills

Key Benefits

- **Convenience**: *Reduce training expenses and streamline the purchasing process by empowering learners to access the learning they need, when they need it, without requiring additional budget approvals.*

- **Flexibility**: *Options are available for individuals, groups, teams, and enterprises. Through Juniper-facilitated courses, our on-demand training library, and JNCIE self-study bundles, students can learn in ways that work best for them, live or online, with hands-on labs in environments powered by Juniper technologies.*

- **Impact**: *Help staff do a better job by investing in skills development through Juniper-delivered training in switching, routing, security, data center, Mist AI, design, cloud, DevOps, and automation pathways. All training is aligned with the Juniper Networks Certification Program.*

- **Up-to-Date**: *With All-Access Training you gain access to the newest content—48% of courses were updated or added as new during the last year. More than half of the courses are also available in a self-paced, on-demand format.*

Overview

The Juniper All-Access Training Pass helps improve skills and achieve business objectives by providing access to world-class training, including every Juniper-facilitated course, our entire catalogue of on-demand courses, and JNCIE self-study bundles. The All-Access Training Pass makes our training courses available to a named individual, a group of 5, a team of 10, or up to 25 people across your organization for an entire year.

An All-Access Training Pass offers the flexibility that learners need to achieve their business objectives at their own pace through knowledge and skills transformation. By providing access to world-class Juniper training content on demand, live online, or through classroom-based open enrollment training (subject to availability), Juniper's All-Access Training Pass lets users choose the training format that best meets their individual or group learning needs and preferences.

All-Access Training Pass Tiers
